

# Ford Focus Zetec 1.6 2002 83775 Miles For repair or spares (250 GBP)

Location **South West, Dorset**  
<https://www.freeadsz.co.uk/x-592348-z>

This has been an exceptional second family car. It is a three door hatchback which is very comfortable for travel and has a massive boot space. The exterior has a few small age related scratches and the interior could do with a Hoover but overall the car is in excellent condition for its age. It has done 83775 miles which have been trouble free. The engine is in excellent condition as it has been regularly serviced and has almost FSH. The car still drives like new. Downside is that it has failed its last MOT on welding and other bits which can be looked up on DVLA website. For anyone in the know this would be an excellent fast money spinner to repair and move on at profit. Unfortunately we no longer require the vehicle hence selling. The battery is currently flat as it has not been used but will go with a jump start. You won't be disappointed. Can be viewed in.
