in Excellent clean low use condition, complete with gas hose with bayonet.
 Had only used for 6 months or so and then stored for a few years as a spare/replacement oven.
 This Hotpoint HUG61G double gas cooker has two separate ovens and a variable grill. The main oven has 65L space and catalytic liners, glass lid and an electronic timer that allows for controlled cooking times.

Product details:
 4 hobs c/w glass lid, 2 ovens - main oven 60 litres, second oven 23 litres
 Electronic programmable timer
 Dimensions - (H)90.0 x (W)60.0 x (D)60.0
 Weight - 54kg
 I would advise getting a gas competent person to install this appliance.

Sorry to let this go, especially after all the hard work getting it. kept as a backup/spare, but spring clean time now and it taking up space that could be better used.
 So pick up a bargain, shown working TO.
