

Suzuki GSXR 2003 (2,995 GBP)

Location

Yorkshire and the Humber, South Yorkshire

<https://www.freeadsz.co.uk/x-592795-z>

New Brakes & Discs, Newly Covered Pillion Seat Non Slip, Braided Lines, Data Tool Alarm, Insurance Group 14 Inline Four, 4-Stroke, Double Overhead Cams/Twin Cam (DOHC), Liquid Cooled, 6-Speed, Chain Drive, 163KG Dry Weight, 83CM Seat Height, 18 Litre Fuel Tank. A little nostalgia as this is a stunning Suzuki in traditional white & blue with the classic Suzuki look of white wheels. This is an iconic look for sports bikes when they were around in the early 2000's. This model would also make an impressive track bike. On this machine it has new front discs fitted recently, braided front lines, a Data Tool alarm, electric blue GSXR embossed bar ends, and to make it sound nice and tiger-esque she has a Viper stainless end can fitted. Big fun and certainly big smiles all round with this one at only £2995. REF 95-Z
