Would you like to learn a new creative skill this year? Brush pen lettering is the perfect hobby that can help you focus, concentrate, live in the moment and relax while creating something beautiful.

This one-on-one session is also perfect if you are a bride-to-be and want to add a personal touch to your wedding invitations and decorations.

Private sessions are 2-3 hours long and provide you with all the tools and material you need to start your brush calligraphy journey such as brush pens and guide sheets.

You will learn the basic calligraphy strokes and the many beautiful ways to use them in order to develop your own lettering style.

We will start with warm-up exercises while learning and practicing the fundamental calligraphy strokes. Then we will write the alphabet, learn letter combinations and simple flourishing techniques.

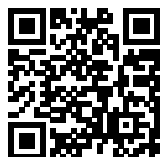

By the end of the session you'll have the confidence to create unique hand lettered decorations, invitations, menus and post cards for any occasion.
