Here we have taken in as part exchange, this fantastic condition A3 convertible. In solid white, it has 18" black alloy wheels, and a black cloth roof. It has a half (black) leather seating inside. And it has had its first service carried out in 11/4/17 @ 20753 miles at an Audi dealer. First MOT will be due in June this year, so naturally we will put one on when the car sells. Both remote keys and all owners literature including service proofs and wallet are all present. Features on this superb looking vehicle are; dusk sensing headlights, bluetooth hands free, dual zone climate control, intelligent stop & start function, ipod connectivity, sd card input X 2, CD/Dab/Radio, multi function steering wheel controls, trip computer, and 4 drive modes programmed into the ecu to suit all driving needs. Overall, a superb offering.  
 Trip Computer, iPod
