Give your pet the mental stimulation it needs with our Rolly Giant exercise wheel. An exercise wheel helps your pets burn off energy, utilizing their natural instinct to run. Our rolly wheel has a closed running surface and back wall which provides security and protection. We recommend you check your wheel regularly for signs of nibbling and other damage, in order to avoid injury to your pet. To ensure the wheel keeps turning easily we recommend occasional treatment with cooking oil. Metal stand is included. Can also be used without the stand, fix the wheel with plastic plates to your cage.

The Giant Rolly Wheel by Savic is the great way to give your rat the exercise it needs.

Made from durable plastic with a 27.5cm translucent wheel, the Giant Rolly Wheel can be freestanding within your pets cage or alternatively attached onto any suitable wire cage.

The Giant Rolly Wheel is also recommended for Chinchillas, Degus and Chipmunks.

Approximate Dimensions (Product): 27.5 x 27.5 x 27
