Dyffryngwy Harvey.
He is 15hh and just turned 13 years old.
He is dark bay and a smart chunky boy.
Harvey has been hunting a couple of time.
He good with Farrir but not shod at the moment because I don't have time to ride him.
Harvey has been out of work for a couple of months now so he is overweight and unfit he just need someone time which unfortunately I can't give to him anymore.
Harvey loves any sort of fuss and will stab all day to be brushed and pampered.
Also he will stay very good to be tack up.
Great to box and travel well.
He is excellent riding in company or large groups and he is brilliant in heavy traffic.
He is easy to catch and lead.
No health problem
Due to Harvey being out of work for a while he won't be suitable for a novice rider, as he can be forward sometimes.
Harvey is a farm horse so he is used to riding in open fields and large machinery.
I have had this stunning boy for 10 years and he done me good over the years this is a sad sale so no time wasters,no loans or payment plans.
Anyone welcome to come up and have a look at him, i know this is about money but I can not take anything less than £1000 for him because he everything I say he is and more.

He will come with some tack as well.
For more information about this horse please contact me by my phone or email.
