This Fisher-Price Laugh & Learn Puppy's Activity Jumperoo Encourages Your Baby's Development

This features 2 ways to play, both of which help them develop their spacial awareness, motor skills and understanding of colours, shapes and cause and effect.

In Musical Fun Mode, your little one can activate the short-play music – or the music plays continuously – accompanied by fun sounds and lights. In Early Learning Mode, sing-along songs and spoken words expose your baby to animal sounds and first words in your choice of English, Spanish, Italian & Russian.

Your baby can reach, grasp, move, groove, and jump so high – all things that give developing motor skills a helpful boost. And it's easy-peasy to fold for storage and on-the-go play.

The music, lights and sounds reward baby's every jump! Plus, a rotating seat gives baby 360° access to a light-up toy bar that helps teach colours, numbers & shapes – as well as toys, activities and happy friends all around.

There are soft animal pals overhead, a phone to push, a lamp to bat at, a piano to "play" and so much more, all within baby's reach.

Sturdy, free-standing steel frame lets baby jump safely – no doorway required.

Easily adjusts to three different heights as baby grows. 3 springs for big, bouncy fun – with soft covers to help protect fingers. Safe for babies 6 months and up. Activities and games include light-up toy bar, lamp, phone and piano. Includes machine washable & dryable seat cover. Easy to store. Same for playtime and storage time. Busy bouncing helps strengthen baby's gross motor skills. Helps teach colours, numbers, shapes, opposites and animals.
