TrustVare NSF to Office 365 Converter is a reliable tool for accurately and conveniently transferring NSF data into Office 365 accounts. Emails, contacts, calendars, tasks, and notes are all seamlessly transferred via the software without affecting the original structure or layout. Whether you're going from NSF to Microsoft 365 for personal or business communication, this application makes the transition simple and secure. The software allows for direct upload of NSF files into Office 365 user accounts while preserving the original metadata, formatting, and attachments with batch conversion capabilities. It offers a straightforward, step-by-step procedure that doesn't require any technical knowledge and supports NSF files made in all versions of IBM Lotus Notes. It provides the ability to move and filter certain data, which helps to streamline the process and save time. This converter is appropriate for both minor and large-scale data transfers because it works with various Windows editions and fully supports Office 365 environments. For anyone working with NSF files, the software's user-friendly interface makes the procedure easy and seamless. The users can migrate many NSF files at once to save time and effort. The utility generates an automatic log report of conversion. The application provides 24*7 technical help with a free demo version.
